## Creative Croative

Discover the Heart of Croatian Craftsmanship

Did you know that northern Croatia (ca. 1.5-hour drive from Zagreb) is home to three craft traditions protected by UNESCO? Even today, this region has the highest per capita concentration of manufacturing crafts and enterprises in Croatia?

A day field trip to the heart of Croatian craftsmanship will reveal a glimpse of the region's economic heritage. Depending on your preferences, we will introduce you to local traditional crafts, modern manufacturing industries, and/or services in healthcare and tourism.

Experiences to discover:

- Famous castle of Trakošćan
- Lace workshop in Lepoglava
- Famous Lepoglava Prison
- Gingerbread workshop in the village of Klenovnik
- Old watermill in the village of Prigorec
- 2000-year-old spa in Varaždinske Toplice
- Local distillery, bio-cosmetics producer, ITAS metal factory, hotel "Trakošćan", etc.

The price includes organizing, guidance, insurance, and lunch: approx. €40.00 per person (based on 30+ pax; accompanying staff free of charge); transportation is charged additionally, depending on the route
